CodeForge Licence Agreement

Agreement no. NW-CFG-002

This agreement is between CodeForge Systems and Northwind Media d.o.o.. Northwind Media d.o.o. named it-licensing@northwind.example as the person responsible for this contract.

What you get

Northwind Media d.o.o. may use CodeForge with up to 30 named users. Each seat costs USD 25.00 per month. The fees are invoiced once a year in advance. All prices are in US dollars and exclude VAT.

How long it lasts

The agreement begins on 20 August 2026 and runs until 20 August 2027. If neither party objects, the agreement continues for another year. A party that does not want the agreement to continue must tell the other in writing 60 days before the end date.

Ending the agreement early

Either side can end the agreement early if the other side seriously breaks it and does not fix the problem within 30 days of being told. Unused prepaid fees are not refunded unless the Supplier is at fault.

Service quality

The service should be available 99.9% of the time each month. Support answers urgent problems within four business hours.

Your data

Customer data stays the property of the Customer. The Supplier stores it in the European Union, uses it only to run the service, and deletes it within 60 days after the agreement ends.

Accepted by Northwind Media d.o.o. and CodeForge Systems.
